

# SYL AUCOIN

FRONT END  
WEB DEVELOPER

## PROFILE

I'm a web developer who brings 10+ years of experience in the service and internal operations industries to the table, as well as recent experience developing dynamic web applications focused on the end user experience, using JavaScript, React, HTML, and CSS. As a team member, I believe that having a positive approach has a ripple effect, therefore we should foster it as individuals, and that the smallest actions can have the biggest overall impact.

My top skills include **Collaboration** and **Stakeholder Management**, **Problem Solving** and **Operations/Project Management**.

French

## PROJECTS

### OBLIQUE AND COLLECTIVE STRATEGIES

REACT, HTML, SASS, REST API, FIREBASE

A fully responsive website allowing users to draw a random Oblique Strategy, encouraging lateral thinking. Users can also contribute to a Collective Strategies deck and draw from it.

[Live site](#)

### MONSTER MASH

JQUERY, HTML, SASS

A spooky or friendly way to play the classic card matching memory game. The fully responsive game features two different modes as well as three different levels in order to allow players of all ages to have fun.

[Live site](#)

### SPORT SPOT

JQUERY, HTML, SASS, REST API

A pair programming project: app using geolocation where users can find sport facilities close to them, for a variety of sports.

## EXPERIENCE

### PARTNERSHIPS COORDINATOR

Shopify | June 2018 - August 2020

Oversaw the build phase completion of five commercial kitchens and coordinated the partnership with a third party operator in order to produce high quality meals and snacks to fuel over 1500 employees. Maintained success of Culinary program through quarterly reviews with vendor, performance management using OKRs/KPIs, employee feedback program including in-depth employee satisfaction surveys.

### OFFICE MANAGER

Unbounce | 2015 - 2018

Managed all internal operational needs in the Montreal satellite office including: accounting and budgeting, people and culture, event planing (internal and external) purchasing and facilities by acting as liaison to the Vancouver Head Quarters and being accountable to multiple stakeholders.

### MANAGER & FRONT OF HOUSE

Miss Pret a Manger/ Monsieur | 2013 - 2018

Oversaw and maintained high quality, excellent performance and high revenue of daily operations for the catering and in-house dining divisions by optimizing Front of House processes and leading employee training initiatives for a team of 50+ employees. Created an inventory system and a purchasing process to reduce waste by over 15%.
